## CRESCUS'S WONDERFUL RECORD FOR TWO MILES.

Last Performance Stamps Ketcham's Stallion as the King of All Trotters.

MEMPHIS, Tenn., Nov. 1.—The wonderful work of Cresceus in the world-breaking trial of yesterday has removed all doubts regarding his being the king of trotters from the minds of the lovers of the trotting horse.

Against a wind that blew at a fierce rate the champion raced down the home stretch faster than any other trotter ever traveled in an effort against the two-mile record. The first mile was reeled off in 2:10.2, and horsemen there were prepared for the smashing of Onward Silver's two-mile mark of 4:28.1-2, but the manner in which Cresceus negotiated the second mile of his course caused a sensation.

He finished stout and strong and hung up a mark of 4:17 for two miles. The time lowers the American record of 4:28.1-2, made by Onward Silver here last week, and establishes a new world's record, previously held by the American horse Cald at Vienna, Austria. Cald's time was 4:27.3-4.

Cresceus had been especially prepared for a distance of two miles. It was the first time that George H. Ketcham, his owner and driver, had ever asked for speed at a distance of more than a mile. In view of these facts, horsemen of prominent standing stated after today's performance showing that Cresceus might shave additional seconds off the two-mile mark when asked again.

The most sensational part of the performance was the manner in which the horse finished. The last mile of the journey was made in 2:06.1-2. The quarter was negotiated in a full second faster than the first quarter of the first mile. Monroe, Salsbury, Budd Dobbie and other old-time trotting horsemen pronounced Cresceus's performance as a feat that will stand for years to come.

## CRESCUS SMASHES TWO-MILE TROTTER RECORD.

Great Trotter Covers Distance in 4:17, Surprising His Owner.

Cresceus, the world's trotting champion, has made a new world's record for two miles which is likely to stand for years to come. The great son of Robert MacGregor covered the distance in 4:17 flat, 10 to 20 seconds better than the previous best record, which was made by the American bred horse Cald on the Vienna track in Austria. The performance was a surprise to every one, even to George Ketcham, the horse's owner, and the fact that the last quarter of the distance was covered in faster time than the first is evidence that Cresceus is still a great horse.

A Times Alert covering a mile in 2:06.1-2, and established a record of being the third pace to reach the coveted two-minute mark. The previous best record was 2:03.3-4. The horse will try to lower the mark again today, and Dan Patch will be sent against the world's pacer record of 1:50.1-4.

## BOOKMAKER BURNS IS EXPELLED FROM FRANCE.

American Was Said to Be Mixed Up in Turf Scandal.

PARIS, Nov. 1.—Bookmaker Burns, the American who, it is alleged, was implicated in the recent turf scandal here, has at last been arrested, and within a very few days will be escorted to the frontier and expelled from the country. Upon his arrest by the Paris police, he was transferred to the officials at Calais.

Robert Rose, another American charged with the same offense, is still intended sailing for America to-day on the St. Louis, but decided to remain and await the result of the investigation. Efforts are being made to secure for him a new trial that he might be vindicated of the charge against him. Mr. Rose's case looks hopeful, and his friends here are sure that the order expelling him from France will be revoked.

## SECOND SERIES OF MATINEE TROTS TO-DAY.

Great Interest Is Manifested in the Events Arranged by Road Drivers' Association.

The Road Drivers' Association will hold its second Saturday matinee trotting and pacing races on the Speedway this afternoon. The interest in the work of the horses is very keen. Marion Wilkes and Saratoga Bells are again entered, and the race will be a close score over the four other teams entered.

In the championship class Kingwood is pitted against the same horses that he defeated last Saturday, with the addition of a new horse, the name of which is not known. In all there will be nine brushes, each two in three heats.

## AUTHORITIES MAY YET PREVENT THIS FIGHT.

WATERBURY, Conn., Nov. 1.—The battle between "Young Corbett" and the feather-weight champion, and Austin Rice, of London, scheduled to take place before the Waterbury A. C. next Tuesday night, may be prevented from taking place after all.

In response to complaints from clerical and other citizens regarding the proposed match John P. Kellogg, assistant State Attorney, has sent a letter to the manager of the match warning him that any violation of the law against prize fighting will be immediately met with the arrest and punishment of any one concerned.

## JOE NELSON GOING MILE IN 1m. 20s.

LITTLE JOE NELSON TRAVELING A MILE IN 1 20

This is a photograph of Little Joe Nelson following race and going a mile in 1:20. It was taken while the youngster was training for his coming races with Bobby Walthour for the championship of the world.

It was just a few weeks over a year ago that Johnnie Nelson met with his terrible accident at Madison Square Garden, and at that time his younger brother, Joe, had not yet appeared in public, although he was in training for a tour of the country in company with the older boy. After the accident, Joe set to work to follow up the race set by Johnnie, and he has succeeded in a way that astonished his most enthusiastic admirers.

Among the money-getters he has continued his record with surprising results, for at the close of the season he holds every competition record from the one mile to twenty miles inclusive, and the one mile record of the world against time and a lot of single paced competition figures. The fastest starting mile in a race is his 1:19, the fastest intermediate mile is his 1:17, the fastest mile in a twenty-five mile contest which he won; the fastest finishing mile, 1:15.3-5; the fastest mile back of single pace, 1:21.2-5; the fastest mile on a coliseum track back of single pace, 1:22.5-5; and the fastest practice mile single paced, 1:19.5-5.

These are all wonderful figures. Nelson rode five miles at an average pace of 1:19; he rode eight miles at the same pace, going the eighth in 1:17 and concluding on to the close of the race at a 1:22 mark.

Young Nelson's father, Nels Oleson, of Tomlin, Sweden, and his brother Oar have just arrived in this country and will journey to the South to witness Joe's races at Atlanta against Bobbie Walthour for the championship of the world, for which Joe is now preparing.

It was the advice of his physician that only modest riding will gain him fame on road and track.

Olaf won the Pullman road race in Chicago in '98, Fred was for years a scratch man in road races, Johnnie, the third, became a crack pace follower, and Joe is the fourth.

including on to the close of the race at a 1:22 mark.
